OUR STORY

Arctic Tern Expeditions is a travel company created by two polar guides who share a common vision: to take people to the most wonderful places in the world while operating a responsible and ethical travel company.

This means we will do everything within our power to identify sustainable tour opportunities, be sensitive and giving towards the local people and cultures we interact with, and to respect the environments we visit. We wish most to give you, our valued guest, the best travel experience we possibly can.

We would appeal to all those whose philosophy agrees with ours - that time is our most important asset. When we travel, we will work to fulfill, if not exceed, the potential of the time you choose to share with us.

*A travel company that knows
that your time is your most
important asset

OUR JOURNEYS - 2022

POLAR BEARS IN SVALBARD Kings of the Edge of the World

June 2 - June 10, 2022

Spend 8 nights under the midnight sun with Arctic Tern Expeditions on M/S Cape Race. Listen to the crackle of pack ice as you navigate the frozen sea in search of Polar bears. Cruise in our small-craft to see rollicking Arctic foxes, blubbery walruses, and more stunning wildlife up close with your expert guide at hand in this small-group experience.

MOROCCAN CULINARY EXPERIENCE The Magic of Marrakech

May 14 - May 21, 2022

Fall under Morocco's spell on this exotic private tour of Marrakech and the High Atlas Mountains. Wander fabled grand bazaars, visit a Berber village, picnic in the mountains and more. Journey through this incredible region with expert guide and renowned chef, Gerard Baker, who will provide a once-in-a-lifetime experience as he cooks with you in a mountain villa.

EXPLORING SVALBARD WITH THE M/S CAPE RACE

Arctic Tern Expeditions is very excited to offer expeditions on the stunning M/S Cape Race. The ship has classic lines and is finished with exquisite attention to detail which pays homage to it's roots as a 1960's fishing trawler in the North Atlantic.

Equipped with state-of-the-art safety equipment, the Cape Race cruises the icy passages of Svalbard with confidence. Plenty of space on outer decks makes the ship an ideal platform to take in stunning polar scenery and watch for close encounters with wildlife.

Our twelve guest maximum ensures an intimate experience both onboard the Cape Race and during explorations ashore.

THE MAGIC OF MARRAKECH

Journey with us to one of the most fascinating countries and richest cuisines in the world – Morocco. Islamic, European and Jewish cultures combine to provide an incredibly rich history and we will take you to the heart of it – Marrakech.

The villages in the Atlas Mountains and lush scenery in Morocco's Red City are just teeming with a rich history to keep you occupied from the moment you arrive until it's time to leave. Escape for a taste of culinary culture reminiscent of the ancient rituals of Berber mountain tribes and Moroccan kings. Michelin-starred chef and co-founder of Arctic Tern Expeditions, Gerard Baker, will take you on an interactive journey that feels more like a culinary expedition than a holiday.
